Agriculture

We've kicked off the year on a high note, introducing 13 new farms to the letting market. Firstly, we would like wish everyone the best of luck with their new land for the season ahead. Throughout this leasing period, we've seen a surge in the preference for 5/7 year leases. This trend stems from the tax incentives for landowners opting for leases exceeding 5 years. This also offer tenants significant advantages, providing them with the stability to plan ahead. At Raymond Potterton Auctioneers, every farm regardless of size, receives the same level of care and expertise. As of the letting season draws to a close, we want to reflect on some of the listings.
