INTRODUCTION

This property is excellently laid out with well-proportioned living accommodation. Internally the style and layout of this property is aimed at a family who value not only good living space but elegant reception rooms for entertaining and a wonderful country style kitchen all centered around a high gloss green Stanley stove which is further enhanced by a separate spacious light filled dining space open to a lovely living area with a wonderful stove set to the side providing an amazingly cozy living area.

The Lounge is opulent and a perfect space to detach oneself from the next-door office space or the hustle and bustle of the house itself.

The rear gardens are carefully manicured with flowerbeds corniced with paved bricks along with fruit beds with water sprinkling system, vegetable bed and well laden apple trees.

There is an excellent enclosed patio with UV canopy to the rear of this house which makes outdoor dining accessible all year round.
